

Better late than never...?

This is our second e-newsletter, which we send out every now and then to update our customers on all things EXTEX-related. Yes, we were intending to send one every few months, but we've just been so busy here at the Mill, dealing with all your orders and preparing fabulous new fabrics, we just haven't had a chance to write until now. Besides, we like to imagine we're just fashionably late...

Not that we're complaining about being busy, we love receiving orders from you. And it seems like you love to order: these past 12 months have seen the biggest sales figures for EXTEX since its introduction over six years ago! That's a lot of boats, big and small, and we're glad to be included on board!

New Fabric: EXTEX Spice

Yes, we have created some new fabrics, and we're launching the first of our endeavours, EXTEX **Spice**, in September.

The rustic textures and warm colours of an island spa retreat were the inspiration for **Spice**, and we like to imagine we're back there, unwinding in the dappled sunshine, every time we touch the new fabric. We are formally describing EXTEX Spice as "a richly textured chenille whose flecked and tufted surface affords a natural, relaxed look" but we really just think it's gorgeously soft and incredibly more-ish... we can't decide which colour we love best!

And what a selection! The new range is available in 21 sumptuous colours, all of which complement and coordinate with the other fabrics in the EXTEX collection, plenty to choose from to Spice up your outdoor (and indoor!) spaces.

EXTEX Spice will have its first outing during this year's Monaco Yacht Show (23rd – 26th September), please visit the Sundeck stand (Stand QD7, Stand Darse Nord - Tente climatisee) to have a look. If you can't wait till then, here's a preview...

Samples and full product specifications will be available soon, please [contact us for more information](#).

New Prices

With effect from 1st September 2009 there will be a new pricing structure for the four EXTEX collections (see attached price list). We've kept the changes to a minimum, so we hope you'll agree that EXTEX remains outstandingly luxurious at fabulous value for money. Any orders placed before the 1st September will qualify for the current pricing.

If you want more information on anything EXTEX-related, please visit www.extex.co.uk, or (if you prefer the direct approach) [click here](#) and we'll do our best to answer your questions.
